Leadership Skills (Taught / Flexible)

6HSK0068 / 6HSK0069 (flexible)  15 credits at Level 6

6, 13 and 20 October 2017     3, 10, 17 and 24 November 2017
1, 8 and 15 December 2017
The flexible option has 3 workshops on 13, 14 June 2018 and 11 July 2018

This module is aimed at nurses who have, or aspire to be responsible for leading and developing teams as part of their clinical and professional role. An emphasis will be placed on effectively developing the student's leadership skills, knowledge and expertise. Students will be facilitated to consider the efficacy of their leadership skills and consider their role in enhancing service provision within their own clinical areas. Leadership theory and skills will be integrated using both a reflective and evidence based approach.

Content
The module will normally address:

- Leadership theory, approaches and skills.
- Team dynamics.
- Decision making.
- Managing change.
- Conflict resolution.
- Personal development planning/Self-assessment and leadership skill development.
