
Welcome to Bayfordbury, this is your ticket for this evening

[Science Learning Centre \(main building – activities upstairs\)](#)

Talks

6:30 pm: “Radio astronomy: the Other window to the Universe” by Prof. Elias Brinks
7.15 pm: “Rockets” by Ray Wilkinson, followed by a real Rocket launch! (at approx 8:15pm)
8.30 pm: "Radio astronomy: the Other window to the Universe" by Prof. Elias Brinks

Planetarium (shows at 6:10, 6:30, 6:50, 7:10 till 9:30 – Please take a ticket at the reception desk)
Lab Activities – Exo-planet displays and computer experiments, Hertford Astronomy Group

Downstairs in the café, food & refreshments are available.

[Observatory \(outside -- follow map on the back\)](#)

Take the shuttle or walk for 5 minutes, in which case please stay on the illuminated path!!!
The main telescopes are pointing as follows:

| | |
|----------------------|--------------------------------|
| Jupiter | Video Imaging Telescope (36cm) |
| Eskimo Nebula | Ian Nicolson Telescope (40cm) |
| M42 Orion Nebula | Kitchin Telescope (36cm) |
| Crab Nebula | Marsh Telescope (50cm) |
| M35 Open Cluster | 14 inch |
| M82 Starburst Galaxy | Meade |
| Uranus | New Meade |

There is a demonstration of the radio telescope in the Patrick Moore building (rotunda building)

Any comments please email bayfordbury@herts.ac.uk , bookings for future events at <http://bayfordbury.stca.herts.ac.uk> , and we are now on [facebook](#) (look for Bayfordbury Observatory)!

Stay on the road, and keep clear of the moors...
