Department of Allied Health Professions and Midwifery

Image recognition: Chest Radiography  7HSK0099  15 Credits at level 7

This course runs over 6 days: 12th & 13th February 2018 - 19th & 20th March 2018 - 21st March 2018 & 14th May 2018 (Assessment day)

This course is for health care professionals working with or those that have an interest in chest radiograph appearances. The course can be taken as a standalone module or as part of a postgraduate award. If you take this course as part of a postgraduate award you need to be a qualified radiographer and have a degree or equivalent.

Course aims
The aim of this course is to enable students to enhance their knowledge of the anatomy including normal variants and a range of pathological and traumatic processes, which affect the thoracic cavity. It will also enhance their awareness and recognition of changes in appearance of the chest radiograph.

Content
The course will provide an overview of the pathophysiological processes that affect the thoracic cavity, with particular emphasis on radiographic appearance. Students will develop critical awareness of patient presentation, which may influence the radiographic appearance. Taught content will provide an emphasis on the radiographic appearances of normal and common conditions that present within the thoracic cavity.

This will be facilitated by blended learning initiatives which will enable the student to enhance their learning within the clinical environment.

Assessment
Assessment will typically include a practical assessment and a presentation.

Who teaches this course?
Delivery of this course will be by academic staff from a range of disciplines in addition to a variety of healthcare professionals currently employed within the NHS. A variety of teaching sessions will be utilized to account for differing learning styles

Cost
The fee for new self-funding students is £680.00. Please note that the fee may vary depending on your source of funding and whether you are a returning student. To find out information about the fees visit go.herts.ac.uk/cpfees.

The course forms part of a broader CPD framework that can lead to the award of Postgraduate Certificate, Postgraduate Diploma or Master’s degree.
