## What you liked about Hertfordshire Business School?

I really enjoyed my time at Hertfordshire; the staff had so much time for students and were incredibly supportive and helpful. I enjoyed the social side of the university and was a member of the UH Dance club, I found that many of the skills I developed at Hertfordshire have helped me in my career search and current job.

## What you do in your job?

I offer investment advice to high net worth clients across a range of asset classes including mutual funds, fixed income, foreign exchange and structured notes. I spend time meeting clients, understanding their financial needs and requirements before constructing a suitable investment portfolio for them based either on or offshore.

Anyone also working in finance, either from a banking perspective or legal/accountancy roles.
