# Hub leader role and responsibilities

- Recruit schools and respond to information re new schools from PSQM HQ;
- Lead minimum of two PSQM professional development day per hub per year;
- Inform the PSQM management team of any change in circumstances that will affect them working as a hub leader;
- Attend and participate in regional hub leader professional development and Quality Assurance meetings, nominally 3 meetings per year, plus annual hub leader conference;
- Monitor and /or carry out mentoring of subject leaders
  - communicate with the Science Subject Leader via the online message facility and encourage them during the process
  - confirm the target PSQM level via the PSQM website
  - give feedback on the Subject leader's action plan
  - monitor the Science Subject Leader's progress against their action plan and provide constructive feedback
  - ensure all deadlines are met
  - sign off reflections and core documents prior to submission;
- Review agreed number of submissions (minimum 2);
- Communicate regularly with PSQM senior regional hub leader and HQ team
  - inform PSQM of any relevant issues and difficulties experienced by the Science Subject Leader that they are unable to resolve themselves.

# The bottom line.

- Schools pay £805 per school (reduced fee for very small schools);
- Hub leader receives £350 for each school in their hub plus £50 for each school submission he/she reviews.
- Hub leaders register as approved suppliers to UH.
- Travel expenses to regional SRHL training are paid, and annual conference costs including travel and accommodation are paid by PSQM.
- Payment to hub leaders is made by the University of Hertfordshire upon receipt of an invoice

# Hub Leader specification

	Quality/experience	Suggested evidence (This list is not exhaustive, other evidence will be considered.)
1	Regularly led CPD in own school and beyond	Successful evaluation evidence from one or more of the following : <ul style="list-style-type: none"> <li>• Leading staff meetings in schools</li> <li>• Presenting workshops at ASE conferences</li> <li>• Developing and delivering training with LA, SLC or other recognised provider.</li> </ul>
2	Have taught science to at least 2 different year groups in primary	Signed letter from head teacher
3	Evidence of sustainable school based science development (Balance is 60/40 for prim/sec)	Evidence should be from work in primary schools and may include the following: <ul style="list-style-type: none"> <li>• School development plan showing development of science</li> <li>• Organising science week</li> <li>• Working with outside organisations e.g SETPOINT on large scale project</li> <li>• PSQM award</li> </ul>
4	Able to demonstrate up to date knowledge of current issues and good practice in primary science	Regular participation in science specific CPD and evidence of impact.
5	Experience of developing/mentoring colleagues	Evidence from supporting colleagues as a NQT mentor, subject leader, LA advisor or independent consultant.
6	Commitment to Primary Science Quality Mark scheme for minimum of one complete year (there are two PSQM rounds a year, but PSQM hub leaders may choose to only lead one hub per year) .	Willing and able to: <ul style="list-style-type: none"> <li>• Attend initial PSQM hub leader training, and regional meetings.</li> <li>• Lead/support two training days annually for participating PSQM schools</li> <li>• Provide up to 4 hours mentoring per participating school in your hub (total number of hours will be dependent on number of schools and number of mentors). Mentoring may be via PSQM portal, phone or face-to-face.</li> <li>• Be part of review panel to assess PSQM submissions from other hubs.</li> <li>• Attend PSQM annual hub leader conference</li> </ul>
