## Fees and Finance Policy

### 2019/20

(Academic Year – 1<sup>st</sup> August 2019 to 31<sup>st</sup> July 2020)

## 1 INTRODUCTION

The purpose of this document is to outline details of our tuition fee policy for all students studying in the 2019/20 academic year. This policy is updated annually to reflect revisions in institutional policy agreed by the University's Board of Governors and amendments to fee levels. The detailed policy set out in this document is agreed by the University's Fees and Bursary Committee.

The University sets its fees in line with government policies and submits a return each year to Office for Students (<https://www.officeforstudents.org.uk/>) to help promote fair access to higher education.

Going to university is a big decision and a great investment in your future. It is also a big financial investment, so it is important to be aware of the cost of tuition and other essential rules such as when fees must be paid, or when you might be entitled to a refund.

All students are personally liable for the payment of their fees relating to their studies, unless your offer letter expressly informs you otherwise. If payment is to be made by a third party, i.e. Student Finance England, employer or other sponsor, or by a parent or guardian, then it is the responsibility of the student to ensure this is arranged before any payments are due.

The University can provide advice and support if things go wrong or if students get into financial difficulties; our contact details and other useful information can be found at the end of this document.

The Hertfordshire Students' Union also provides impartial advice and support to our students regarding financial matters.

References to "University" (and "UH") throughout this document are to the University of Hertfordshire.

## 2 FEE INFORMATION

### 2.1 Calculating tuition fees

Tuition fees are payable for each year of a student's course. The level of tuition fee payable by a student will depend on:

*Residential status*; whether a student is a Home/EU or international fee payer, the definition of which can be found at [www.ukcisa.org.uk](http://www.ukcisa.org.uk). Students are assessed for Home/EU fees status during the admissions process. The fee status will normally stay with the student for the remainder of their course and is not transferable between individuals.

*Course of study*; each course has an agreed fee. The University sets its fees annually in line with government policies and guidelines and these are included within this policy. Some courses attract a higher fee and are classified as laboratory based or non-standard in this policy.

*Mode of study*; our part time and online courses attract a different fee which reflects the different way in which these courses are taught.

*Attendance*; the fee amount a student will pay may be reduced if they withdraw, suspend or defer their studies before the 100% fee liability point. The reduction in the fee will be based on the date of the change in relation to the University liability dates, for which see Section 2.4 below.

*Start date*; the fee payable will depend on the year that a student starts their studies. The fees quoted in this policy are correct for 2019/20, but please see Section 2.7 below for information about when fees might change for subsequent years.

The fee payable by a student for 2019/20 will be included with their **Offer** (the University's formal offer of a place) and/or the Notification of Fees email sent to students shortly after registration.

### 2.2 Residential status

The assessment to decide whether a student will be classed as a Home/EU or international fee payer will depend on numerous factors such as:

- nationality
- immigration status in the UK/EEA\*
- where a student has been living
- what the student has been doing for the three years prior to the start of their course

Assessments of fee status are carried out during the admissions process and take into account the circumstances of each applicant. If the University is unable to determine the residential status of an applicant a questionnaire will be sent to the applicant requesting additional information.

Once fee status has been assessed it is not usually possible for this to be changed. If a student starts a **new** course, then the fee status can be re-assessed if circumstances have changed since the start of the original course.

\* At the point of writing the Government has confirmed that EU students commencing study in 2019 will be able to access the same financial arrangements as Home students for the duration of their course. The UK is expected to remain part of the Erasmus+ scheme for the remaining duration of the programme until 2020.

## 2.3 Other tuition related costs

The University tries to keep any additional costs to a minimum. However, some courses do attract additional costs for activities such as field trips. Students are advised about any additional costs in the **About your course** factsheet which is sent to all applicants with their **Offer**. This factsheet details these costs and whether they are a mandatory or optional part of the course.

## 2.4 Fee liability dates

Students (with the exception of UHOnline Students – please see Section 7 below) become liable for each year's tuition fees in three **incremental** stages during the course of their year of study. The dates are dependent on the Semester they begin their studies and are outlined below.

Student starting in Semester A	Amount Due
Prior to 7 October 2019	No fee liability
7 October 2019	25% of tuition fees
13th January 2020	50% of tuition fees
20 April 2020	100% of tuition fees
Student starting in Semester B	
Prior to 3 February 2020	No fee liability
3 February 2020	25% of tuition fees
5 May 2020	50% of tuition fees
24 August 2020	100% of tuition fees
Student starting in Semester C	
Prior to 8 June 2020	No fee liability
8 June 2020	25% of tuition fees
5 October 2020	50% of tuition fees
4 January 2021	100% of tuition fees

## 2.5 Payment of tuition fees

Home/EU undergraduate students who are eligible and have applied for a Tuition Fee Loan will have their fees paid directly to the University by the Student Loans Company. For all other students, tuition fees must be paid in line with the liability dates outlined in Section 2.4 above.

Home/EU postgraduate students who are in receipt of a Postgraduate Loan from the Student Loans Company should contact Student Account Management [student-finance@herts.ac.uk](mailto:student-finance@herts.ac.uk) to discuss payment options.

If an employer or other sponsor is paying the tuition fees the student will need to provide a completed and signed sponsor form at enrolment. **The student, unless your offer letter expressly informs you otherwise, will be liable for the fees if they do not provide the form or if the sponsor does not pay the fees.** The sponsor form can be found at <http://www.herts.ac.uk/apply/fees-and-funding/sponsored-fees>

Fees can be paid online, by banker's draft, credit card, debit card or cash (pounds sterling). For details of how to pay,

<https://www.herts.ac.uk/study/fees-and-funding/payments>

## 2.6 Sanctions for non-payment of tuition fees

The University provides information, advice and support to students who find themselves in financial difficulty or have had their funding delayed. Further details can be found at <https://ask.herts.ac.uk/hardship-fund>

Independent advice can also be found from the Hertfordshire Students' Union.

The University encourages any student unable to pay their tuition fees to contact the University's Student Finance team to discuss a payment plan or alternative sources of funding, contact details can be found under Section 11 below.

However, if a student has not paid the applicable instalment of their tuition fees within 28 days of the liability date, or has not made alternative arrangements which are acceptable to the University, the University may (without affecting any other right or remedy available to it) do one or more of the following:-

- (i) withdraw the facilities of StudyNet, which will prevent the student from accessing StudyNet material, submitting assignments or registering for award ceremonies
- (ii) Withdraw you from your course
- (iii) bar the student from returning in the following year
- (iv) bar the student from attending his/her graduation ceremony
- (v) refuse to provide results or confer a University award
- (vi) not examine research students and require them to leave the research programme

The University may also take more formal steps to recover any unpaid tuition fees, such as engaging a debt collection agency and/or commencing legal proceedings. If it does so, the University reserves the right to require the student to pay, in addition, any costs and expenses (including legal costs)

reasonably incurred by the University in recovering the unpaid sums. The University also reserves the right to charge the student interest on the unpaid sums on a daily basis at an annual interest rate of 2% above the base lending rate of HSBC Bank plc until all outstanding sums and interest are paid.

The University will withhold examination results from students in debt, but may issue such results in non-standard format to enable students to undertake any referred/deferred assessment. The University will not normally bar the student from attending resit examinations, provided that arrangements have been made with Student Finance to pay the fee or other debt.

Any sanctions will be lifted as soon as the student's debt has been cleared in full.

Students who have withdrawn or applied to suspend their studies will still be contacted to pay any outstanding debt. Students will not be entitled to resume their studies or apply to study a new course until all outstanding debt has been cleared in full.

Please refer to the University policy and regulations SA13 'Schedule of Sanctions and Penalties' and SA14 'Student Withdrawal Regulations', [www.herts.ac.uk/about-us/corporate-governance/uprs](http://www.herts.ac.uk/about-us/corporate-governance/uprs)

## 2.7 When tuition fees change

The fees contained in this document are those that have been set for the 2019/20 academic year.

Please note that the fees set for future academic years may be higher. The University will determine fees in accordance with the following:

- Tuition fees are fixed for the duration of the course at the amounts contained in this document and will not therefore be subject to annual increases. Except for,
  - New students, or current students\* who start a new course or change their mode of study, the fees for their first academic year will be as published by the University at the relevant time.
- For current students\* who remain on the same course and mode of study (part time or full time) there will be no increase in fees.
- The amount that the University is allowed to charge Home/EU students is regulated by the government. At the time of writing, for the 2019/20 academic year, the maximum annual amount for students who started their courses on or after 1 September 2012 is £9,250 for full-time students and £6,935 for part-time students. Changes may be made to tuition fee policy in subsequent years, particularly following the outcome of the current major review of post-18 education.
- Please also note that VAT is not currently charged on tuition fees. If in future the University is required to charge VAT (or some other tax) on tuition fees, this amount will be added to fees in addition to any of the increases referred to above.

*\* "current student" means a student who is was registered with the University prior to the 2019/20 academic year and is continuing their studies at the University during 2019/20.*

## 2.8 When there is a material change to a course or a course is discontinued

In accordance with Office for Students' requirements, the University has developed a **Student Protection Plan** <https://www.herts.ac.uk/study/your-offer-package> which aims to minimise the impact on students of any material change or discontinuance of a course.

The University may sometimes make changes to a course, or occasionally even discontinue a course, in the circumstances outlined in its **Key Facts** document (which can be found on its website at <https://www.herts.ac.uk/study/your-offer-package> and which is also sent to students with their **Offer**).

If a student is not happy with a change to a course (which may include the discontinuation of an individual module), the student may choose to leave the course, in which case the student will need to complete a Withdrawal Form as outlined in Section 2.9 below. The student's fee liability (which may include an entitlement to a partial refund – students are asked to refer to the **Student Refund and Compensation Policy**) will then normally be calculated in the same way as in Section 2.9, i.e. the fee will be based on the date of receipt of the Withdrawal Form in comparison to the fee liability date. However, in the unlikely event of a change (or module discontinuation) that is likely to have a serious adverse effect on the student (for example, by prejudicing their future choice of career), the University will consider their fee liability on a case by case basis.

If a student's course is discontinued before they have completed their course (i.e. so that the student is not "taught out"), and if none of the alternative arrangements offered by the University are acceptable to the student, the University will refund the student's fees for their final year (or part year) of study on the course.

## 2.9 Implications for students who withdraw, etc.

Students will be liable for their tuition fees for the entire year of study unless they formally notify the University that they wish to withdraw, defer, or apply for a suspension of their studies.

Withdrawing from a course is a big decision and students are advised to seek as much advice as possible before taking this step, further details can be found at <https://ask.herts.ac.uk/withdrawing-from-university>. International students should also see Section 2.10.4 below.

The fee liability will be calculated from the date of the receipt by the University of the Withdrawal Form. For example, a student who started their course in Semester A and withdraws on the 10<sup>th</sup> October 2019 will be liable for 25% of their 2019/20 fees. A student will be entitled to a partial refund, if a payment has been made that is greater than the revised liability amount following withdrawal. Using this same example a student whose first year fee is £9,250, and who has paid £5000 at the point of withdrawal, would be entitled to a refund of £2,687.50 For example, £9250 x 25% = £2,312.50; £5000 - £2,312.50 = £2,687.50.

The University will contact students who are entitled to a refund within 28 days of receiving the completed Withdrawal Form. International students who withdraw from their course early will have any non-refundable element deducted from the amount of refund (see Section 2.10.3 below).

Where fees have been paid by way of tuition fee loan, the University will contact Student Finance England (or other UK funding body) to advise them of the change which will also impact on the student's maintenance entitlement.

Where fees have been paid by a sponsor, e.g. employer, the University will charge the sponsor a fee for the year based on the fee liability dates.

If a student requests to suspend their studies and then subsequently resumes their studies, the fee liability would also be in line with the liability dates in Section 2.4 above. For example, if a student commences study in 2019/20, "rests" after the 1<sup>st</sup> liability date, they will pay 25% of their 2019/20 fee. If they recommence in the academic year 2020/21 and study the full year then they will be liable for 100% of the 2020/21.

## 2.10 Additional information for international students

### 2.10.1 Payment of the Deposit

A compulsory deposit of **£5000** (which is offset against the first year tuition fee payable) is required from all students who:

- Have been assessed as international for fee purposes, and
- Are in their first year of study at the University, and
- Require Home Office sponsorship to study in the UK

A deposit is **not** required from such students who have:

- Financial sponsorship for payment of their fees (written evidence will be required), or
- An approved Federal Loan (US students only)

Payment of the deposit can take a variety of forms:

- Online at <https://www.herts.ac.uk/international/new-international-students/scholarships-and-fees/how-to-pay/fee-payment-methods>
- Banker's draft in the currency of pounds sterling made out to 'The University of Hertfordshire'.
- Bank transfer to "The University of Hertfordshire" quoting the student ID number
- Debit or credit card <https://www.herts.ac.uk/international/new-international-students/scholarships-and-fees/how-to-pay/fee-payment-methods>

The deposit must be paid by the date indicated in the student's **Offer**. By paying the deposit, the student agrees to be bound by the University's terms and conditions which are outlined in the **Offer** and its accompanying documents including the **Key Facts** document.

If the student's application for a visa is refused, or if they do not meet the academic conditions contained in their **Offer**, the full deposit will normally be refunded. However, the University will withhold 100% (£5,000) of the deposit if there is evidence of a fraudulent visa application, such as the submission of fake documentation to the Home Office, as compensation for the administrative costs it will incur.

Otherwise, if the student decides not to come to the University and does not complete their registration by the latest permitted registration date, the University will also withhold 50% (£2,500) of the deposit as compensation for the administrative costs it will incur.

### 2.10.2 Full payment discount

The University offers a Full Payment Discount of £500 (per academic year of study) to international students who pay their tuition fees in **full** by:

- 4<sup>th</sup> October 2019 for Semester A entry
- 7<sup>th</sup> February 2020 for Semester B entry

Funds must have been received by the University, cleared, and include any outstanding fees for Pre-Sessional/Preparatory courses.

Students who pay by the three instalments option will **not** be eligible for the Full Payment Discount of £500.

International research students must pay their tuition fees in full within 30 days of their date of enrolment, and in subsequent years the anniversary of that date, to be eligible for the £500 Full Payment Discount.

The following courses are not eligible for the £500 Full Payment Discount,

- Pre-Sessional courses
- Half year preparatory courses
- Online courses
- Courses that attract a non-standard fee

### 2.10.3 Refunds

Any refunds made to international students will be returned to the original source i.e. the country and the account from which the money was sent. This is to comply with money laundering guidelines <http://www.legislation.gov.uk/ukxi/2007/2157/contents/made>.

If the full tuition fees are sent, the £500 Full Payment Discount will be returned to the source as described above.

### 2.10.4 When circumstances change

The University will inform the Home Office of any change to the student's study via the Home Office student management system (SMS) which may mean that the student will need to leave the UK. Advice and support is provided by the International Student Support team, whose contact details are included in Section 11 below.

All fee liability as described above is subject to a student's statutory right to change their mind about studying at the University within a period of **14 days** starting on the day after they accepted the University's offer, as set out in the **Key Facts** document.

#### 2.10.5 Students studying at Hertfordshire International College (HIC)

The University will inform the Home Office of any change to the student's study via the Home Office student management system (SMS) which may mean that the student will need to leave the UK.

Advice and support is provided by the International Student Support team, whose contact details are included in Section 11 below.

#### 2.11 Accredited Prior Learning

The University will charge students in the following way for prior learning,

- Accredited prior experiential learning (APEL) will be charged at 50% of the course or modular fee.
- Accredited prior credited learning (APCL) will not be charged.

Please note – APCL is typically where an individual has gained University credits at a different institution and then transfer to the University of Hertfordshire. Whereas, APEL is where an individual's work experience would make them exempt from having to undertake certain modules on a programme.

## 6.2 Bench Fees

Where bench fees are applicable, details will be made available with the *Offer* documentation.

### **6.3 International research students based in their home country (distance-based)**

International students studying in their home country for the duration of their research degree registration, i.e. not based at UH, may register and pay a fee at the reduced full-time international rate of £6,350, subject to confirmation of status. Distance registration must be approved by the Research Degrees Board prior to the issuing of an offer letter. Students registering on this basis are normally expected to spend one third of the duration of their programme of study at the University and attend relevant researcher development training sessions in the University. Those based overseas must also pay for supervisor travel and subsistence costs outside the UK (if applicable). Should an international student based overseas subsequently continue their study in the UK, s/he must pay the full-time international fee or a pro-rata fee for periods spent at UH, as appropriate. Such periods of study in the UK would be subject to the UK Government's visa entry requirements. International students studying on professional doctorate programmes will pay the fee applicable to their particular programme.

### **6.4 Fee Paying Periods for Research Degrees**

Research students can enrol at the beginning of each month and fees are charged for the year from their enrolment date. Fees are charged annually until the student formally submits to Academic Services for final examination.

### **6.5 Fee Paying Periods for Research Degrees**

International students who pay their own fees, in full, within 30 days of the date of enrolment (or anniversary of date of enrolment for returning students), are entitled to a £500 'payment in full' discount.

### **6.6 Minimum fees to pay**

The minimum period of enrolment/registration for a research award for which fees must be paid is normally one year (full-time)/two years (part-time) prior to submission.

### **6.7 Fees where the Student Changes Mode of Study during the Year**

A research student who changes mode of study at any time in the year will pay a pro rata fee based on the full-time or part-time fee and date of change.

### **6.8 Writing-up fees for former full-time research students (Schedule A only)**

Full-time research students submitting for examination for MPhil or PhD, who have paid full-time fees for a minimum of three consecutive years will be allowed one term (normally a four month period) free of charge after the completion of their full-time registration. Thereafter they are liable for one-third of £2,435 per four calendar months, for the duration of their registration i.e. until the student formally submits to the Doctoral College.

Research students registered on any other research degree programme or schedule are not eligible for writing-up fees.

### **6.9 Post viva examination fees**

Following viva examinations, research students will receive written notification from the Doctoral College of the deadline by which they must formally submit amendments/revisions to the Doctoral College. No additional fees will be charged for this period if the student submits within this deadline. Thereafter the student is liable to pay £810 for each period of 4 months that passes after this deadline for 2019/20, until the student formally submits the amendments/revisions to the Doctoral College.

## 6.10 Higher Doctorate

Fees for the award of Higher Doctorates (LLD; D Litt; Dmus, DSc) £6730

To be paid in two instalments:

- Initial instalment to be paid on enrolment £2730
- Second instalment to be paid at the examination stage £4000

## 6.11 International students studying part-time in the UK

International students wishing to register for a part-time research degree based in the UK throughout the duration of their registration should contact Student Records and Enrolment for a status check prior to the issuing of an offer letter.

## 10 ADDITIONAL INFORMATION

### 10.1 Repeat Students: Examinations and Tuition Fees

The published tuition fee covers the first diet of resit assessments in 2019/20, therefore no extra fee is due. Students are not required to re-register, provided all resits take place in the same academic year. Students required to retake an assessment(s) after the first diet of resits must re-register and pay additional fees related to those resits.

Where a student is referred in an industrial placement, or teaching practice, and needs academic supervision and assessment, the University will charge an appropriate fee agreed by the Head of Student Finance. There may be an assessment fee in addition to the module fee, to reflect the cost to the University of organising visits to the student.

Students who repeat more than one year of study and are funded by the Student Finance England (or other funding body) will need to check their future funding entitlement before committing to resume their studies.

## 10.2 Taking a Variable Number of Modules

Modular fees are based on the standard 15-credit module, and the amounts below relate to students on standard courses. An undergraduate student taking more than 75 credits in the year is full-time for fees purposes. A postgraduate student taking more than 120 credits in the year is full-time for fees purposes.

Where a student studies a deferred module(s), this module does not count towards any fee liability under the above rules; provided that the student has fully paid the fee for the deferred module. “Deferred” means a module with formal deferred status awarded by the Examinations Board.

A full-time student who withdraws from one or more modules cannot receive a fee refund if, after withdrawing from that module(s), the student is still defined as “full-time” under the provisions of UPR AS14 (over 75 credit points for a 2 semester year (Undergraduate) or 120 credit points for a 3 Semester year (Postgraduate) ).

## 10.3 Full-Time student taking Additional Modules

Where a full time student is required, or advised, by the University to take an additional module(s), over and above the standard academic requirements for the course, the University will not normally charge a fee for the module(s).

This does not apply to part time students who pay their tuition fees per module studied.

## 10.4 Full time student taking fewer than the Standard Number of Modules

The following table applies to students registered on full-time courses but who take fewer modules than normal in a year (for example, if they ‘split’ their final or take a reduced number of modules)

Type of student	Number of standard 15 credit modules taken in year	Status for fee purposes
Undergraduate	Up to & including 75 credits	Part-time module fee payable (home or international rate as applicable)
Undergraduate	Above 75 credits	Full-time fee payable
Postgraduate	Up to & including 120 credits	Part-time module fee payable UK/EU or international rate, as applicable
Postgraduate	Above 135 credits	Full-time fee

### **10.5 Student Changes Mode of Study during the Year**

A student who changes from a full-time to a part-time course from one academic year to another will pay a total fee for the year based on the module count (UPR AS14 refers).

A student who changes from a full-time to a part-time course during an academic year will pay their full time fee in line with the liability dates detailed in Section 2.4 above (all students except UHOnline) or Section 7.4 for UHOnline student. Any subsequent study will be charged at the part time rate and any subsequent change to study will be liable to charge as in Section 2.4 above.

A student who changes from a part-time to a full-time course, at any time in the year will pay a total fee for the year based on the module count (UPR AS14 refers).

A research student who changes mode of study at any time in the year will pay a pro rata fee based on the full-time and part-time fee and date of change.

Current students who change their mode of study will lose their existing fees package and will be liable for the fee package applicable to 'new' students in 2019/20 as described in this document.

### **10.6 Student wants to “Split” the Year**

A student who wants to extend their studies, in the final year, beyond the normal duration of the course (known as taking a “split year”), may impact on their funding eligibility with Student Finance England. Students should check their eligibility with Student Finance England before making any changes and contact the University’s Fees and Funding team for advice.

### **10.7 Deferred Students**

Students that defer their entry to the following or subsequent year will pay the appropriate fee for their year of entry, not the fee quoted in their Offer from their original application.

Students with any deferrals will need to pay the cost of those modules in full once, but no further costs (above 100% of the costs) would be incurred. The fees would be determined at the end of period of the deferral period, when the deferral was completed.
