

The person named below has expressed an interest in applying to the Therapeutic Radiography Programme at the University of Hertfordshire. In order to assess the suitability of the applicant, it is advised that they visit a radiotherapy department for at least one day. We would be very grateful for your assistance in helping us to select the most suitable candidates by confirming their attendance at the department and, if you feel comfortable in doing so, we would value your opinion on the suitability of this applicant.

Name of applicant:	UCAS Number:
Trust/Hospital visited:	Date of visit:

Assessment of applicant (to be completed by the clinical staff)

This report should be completed by the placement co-ordinator and returned to the applicant or e-mailed/posted directly to the university using the relevant addresses supplied by the applicant.

Please list the range of radiotherapy procedures observed by the applicant:

Even though this applicant's visit may have been short, your impression of the applicant in a clinical situation is greatly valued by the university's admissions team. Please give your opinion of the applicant in the categories shown below:

	Poor	Satisfactory	Commendable
Punctuality			
Appearance			
Asked relevant questions			
Knowledge of therapeutic radiography			
Communication skills			
Self-confidence			
Motivation/level of interest demonstrated			
Attitude to clinical work			
Appropriate bedside manner, or ease in the presence of patients			

Please give further comments and/or explanation for your opinions:
