

## First Weeks Checklist

There's a lot to take in for your first few weeks on campus, this checklist should make sure you don't miss anything!

### Induction

Make sure you attend your induction sessions to get to know other students, meet your tutors and lecturer and learn important information about your course.

### Registration (and a free hoodie!)

Make sure you attend your face to face registration session at the time and date given in your induction. During registration you will receive your ID card and your free Go Herts hoodie!

### Explore the local area

It's important to get to know your new town - don't forget to check out the Galleria, the Town Centre. Why not hop on a bus or train and visit Welwyn Garden City, St Albans or London?

### Make campus your home

Make yourself comfortable on campus - find the hidden quiet spots, check out the Learning Resource Centres (LRCs), borrow a Chromebook and find the best places to eat - you'll be spending a lot of time here, so you need to feel at home.

### On-campus activities

The first few weeks on campus are full of buzz, excitement and events! These events are a great way to meet likeminded students and discover new exciting societies and groups - you may even discover a new passion!

### Programme Handbook

As part of your induction you will receive your programme handbook, this is full of useful information and things you should know about your course and school of study.

### Medical Centre

Don't forget to register with the medical centre on campus in the Hutton Hub - that way if you ever feel unwell you have a doctor on your doorstep. Making an appointment is quick and easy, you can even do it online!

### Council Tax Exemption

If you're living off-campus and eligible for a Council Tax Exemption, don't forget to apply for one! Search Council Tax on Ask Herts, or click the checkbox for more information.

### Have your say!

Make sure your voice is heard in local and general elections - register to vote in Welwyn Hatfield whilst you study with us.
