How have we done it?
By giving our students the best environment, experiences and educators.

So what does that actually mean for you? It means we teach you to become ready for the working world. You don’t have to take us at our word, because over 96% of Herts students are employed or in further study within 6 months of graduating.

“ I found the Education session very informative, I developed a great understanding of what the education school has to offer, how it supports students and the important role it plays within the University. ”

“I left the Law Open Day feeling inspired and like I could achieve anything I wanted! The tutors were so helpful and full of knowledge, and the ambassadors were really friendly.”
“The countries I visited were incredible, and travelling to different countries was a real eye-opener. I met amazing students from all over the world, and also many significant people from various international companies. The places I visited, people I met and the things I experienced were out of this world. I'd do it again in a heartbeat.”
