

British ex-pats? Family still in the UK?

Join us for Full-Circle

The University of Western Australia and University of Hertfordshire

are joining forces to record the stories of families separated
between WA and the South-East of England

We want to hear...

- The experiences of emigrants from the UK as they settled in WA, whether this happened recently or in the more distant past
- What it was like to be a family member left behind in the UK
- How families have kept in touch despite being separated

Can you help us?

Will you and family members in the UK
agree to be the subject of relaxed, informal
recorded interviews with trained members of
the Full-Circle team?

The interviews will be archived for use by researchers.
They may be used in publications and broadcasts.
