

Alumni Stories

Name: Jordan Batchelor

Year of Completion: 2017

Programme of Study: Business Studies

Job Title: Careers and Placement Assistant

Employer: University of Hertfordshire (Careers and Employment Service)

What you liked about Hertfordshire Business School?

I loved the fact that the HBS was able to create a supportive and friendly learning environment where students could easily interact with one another.

Also the tutors within the HBS went above and beyond to ensure that students had maximum support in achieving their desired grade within their studies.

What you do in your job?

In my current job I assist the Careers and Employment service with maximising the employability of our current students and recent graduates. This is done in many forms from helping students to book Careers Guidance appointments and assisting students with application forms to helping to create suitable workshops and Careers Fairs to create an environment where students can connect with large companies that may be looking for students to work for them.

Whom you would like to connect with in the Alumni Network?

Fellow students and graduates.
