

Mr. Gary Patrick Stafford

Global Invacom Business Development Director

Mr Gary Stafford is a Microwave Engineer and the Business Development Director of Global Invacom Ltd. He received a City and Guilds HNC in Radio TV and Electronics from Plymouth College in 1979 and joined the BBC as a Technical Assistant.

Between 1980 and 1989, he worked in Marconi Space and Defence Systems Ltd as an Antenna Design Engineer. He then joined the new DBS department of Marconi Space and Defence Systems Ltd as an Antenna Engineer and worked on a range of consumer Direct Broadcast Satellite Antenna including the first products for the launch of SKY.

He was subsequently appointed the Microwave Design Group Manager in 1997 at Grundig GmbH and was the Project Manager for the design and development of a range of new products for consumer electronics based on Microwave Systems.

Mr Stafford was one of the founding directors and Managing Director of Invacom Limited in 2000. With his experience in designing and developing products based on microwave systems, he expanded the product range of Invacom and continues to do the same with Global Invacom Limited. He currently has over 50 patent applications under his name.

Mr Stafford was appointed as Executive Director of Global Invacom when it listed in Singapore in 2010. Global Invacom is now one of the largest manufacturers of Satellite Communications Equipment in the world and employs around 1,500 staff in 10 locations around the globe.
