# Environmental Management MSc

The MSc Environmental Management programme gives you the opportunity to take a flexible approach to studying environmental management. Whether you are a graduate looking for a career in environmental management or a professional who already has experience in environmental management. The programme enables you to develop the knowledge and the skills required to implement environmentally sustainable solutions to businesses and organisations around the world.

The programme offers four pathways:

- Environmental Management
- Environmental Management for Agriculture
- Environmental Management for Business
- Water and Environmental Management

This approach provides you with the opportunity to develop an individually structured course, which best meets your interests in environmental management.

The MSc Environmental Management programme can be studied either full-time or part-time and the following final awards are also available:

- Postgraduate Diploma (PgD)
- Postgraduate Certificate (PgC)

The taught element of the modules can be studied as short courses.

#### **MSc Environmental Management pathway core modules**

- Sustainability and Environmental Systems
- Foundation in Environmental Auditing
- Management Skills for Environmental Management
- Environmental Policy and Governance
- Environmental Management Tools and Methods
- Research Methods
- Individual Research Project

#### **Optional modules for Environmental Management pathway**

- Sustainable Energy
- Transport Policy and Travel Planning
- Integrated Waste and Pollution Management
- Ecology and Conservation
- Water Resources or Water Pollution Control
- Environmental Management Systems Implementation or Corporate Social Responsibility
- Agricultural Pollution and Mitigation or Integrated Farm Management
- Crop Protection: Principles and Practice or Crop Pathogens, Pests and Weeds.

#### **Career opportunities**

Graduates have gained employment in a wide variety of sectors including consultancy, NGOs, local government, and many other areas of the private and public sector.

**“ My tutors and thesis supervisor have been endlessly supportive to me in my studies and my career change, and I am impressed with the positive working atmosphere of the university ”**

Further information is available at:  
[go.herts.ac.uk/EM](http://go.herts.ac.uk/EM)

**Entry Requirements:**  
A first or second class degree in any subject. Applicants with other qualifications and relevant experience will be considered individually by the Programme Tutor. Accredited Prior Certificated Learning (APCL) is available for those with AIEMA. Accredited Prior Experiential Learning (APEL) may be available for those with suitable relevant experience.

---

**Course Length:**  
Full time 12 – 16 months  
  
Part time 24 – 48 months

---

**Course Fees:**  
Please visit our website  
[go.herts.ac.uk/EM](http://go.herts.ac.uk/EM)

---
