

Alumnus of the Week

Name: Rebecca Dawson

Year of Completion: 2013

Programme of Study: BA (Hons) Business Studies

Job Title: Account Executive

Employer: TATA Communications

What you liked about Hertfordshire Business School?

What I liked most about the Business School was the support. Between the lecturers and my fellow students there was an array of people, with an abundance of knowledge. I knew that if I had a question about my assignment or the world outside the university; there was always someone willing to help (and go that extra mile).

What you do in your job?

In my role with TATA communications I work on one of our major accounts. I work closely with the customer to improve their current and future methods of communications (Voice, MPLS and Telepresence etc.). TATA works on a global scale, so I will very often be working with people from all over the world, connecting them with each other and with their customers (who can be all the way from California to Mumbai).

Whom you would like to connect with in the Alumni Network?

I would like to connect with anyone within the telecommunications industry as well as people who work with global organisations on a daily basis.
