What you liked about Hertfordshire Business School?

What I liked about Herts was the environment itself, which made it easy for me to settle within the first few weeks as freshmen. My experience overall was phenomenal as the faculty and the rest of the staff are very supportive and would always be open to help out. All departments are well structured and systematized.

What you do in your job?

Currently I am looking after overall operation of the business from Sales, Marketing, Manufacturing and PR.

Whom you would like to connect with in the Alumni Network?

I would like to connect with all from my batch who I have lost contact with.
