1 Introduction and scope

1.1 This document lists the awards approved by the Academic Board of the University.

1.2 Certificate holders, diplomates and graduates should note that they are subject, as appropriate, to the provisions of this document.

2 Regulations for awards of the University of Hertfordshire

2.1 Academic Standards of University awards

2.1.1 The standards of University awards are defined in terms of the usual pattern of full-time study, represented by a rate of study which would permit the accumulation of 120 credit points within one two (2) Semester academic year by a student who has
the appropriate knowledge and skills to enter a programme (see also UPR AS14\(^1\), section A4).

2.1.2 Successful completion of a programme requires the achievement of the specified learning outcomes set out in the Programme Specification.

2.1.3 The University may collaborate with other institutions or organisations in the delivery of its own programmes or in formally validating or credit-rating the modules and programmes of another institution as being of an appropriate quality and standard to be eligible for an award (or credit towards an award) of the University.

2.1.4 Credit points specified for each award define the normal (minimum) number and level of specific credit points required to achieve that award by following an approved programme of study. Any proposal to deviate from this must be approved by the University’s Academic Development Committee.

2.1.5 For any award, credit achieved at a higher level can replace the need for credit at a lower level.

2.1.6 Where stated in the programme specification, a degree programme may count up to 30 credit points of Level 5 modules to meet the Level 6 credit requirement.

2.1.7 Unless specifically stated in the Programme Specification, where students attempt additional modules which are not part of a validated programme of study, they do not contribute towards the credit requirements for the award.

2.1.8 Individual study programmes may be approved which include or require more than the normal minima for the award.

2.1.9 Levels of study are further defined in UPR AS14\(^1\), section A2.6.

2.2 Accredited Prior Learning (APL)

2.2.1 Accredited Prior Learning (APL) is learning, appropriately evidenced, that has been achieved outside the formal education system offered by the University. The Quality Assurance Agency describes the Recognition (ie Accreditation) of Prior Learning as ‘Assessing previous learning that has occurred in any of a range of contexts including school, college and university, and/or through life and work experiences. Once recognised through this process, prior learning can be used to gain credit or exemption for qualifications and/or personal and career development’. This recognition may give the learning a credit-value in a credit-based structure and allow it to be counted towards the completion of a programme of study and the award(s) or qualifications associated with it.

---

\(^1\) UPR AS14 ‘Structure and Assessment Regulations – Undergraduate and Taught Postgraduate Programmes’
2.2.2 The following definitions have been approved by the Academic Board:

i ‘Accredited Prior Certificated Learning’ (APCL):

‘learning which has been recognised previously by an education provider, evidenced by formal certification, and assessed and recognised for the award of credit by the University.’

ii ‘Accredited Prior Experiential Learning’ (APEL):

‘learning which has been achieved through experiences outside the formal education and training systems, normally associated with a working environment, which has been assessed and recognised for the award of credit by the University.’

2.2.3 There are limits imposed on the amount of APCL and APEL that can be approved as part of credit requirements for credit-rated awards, which are identified in the tables in sections 4 to 12 of this document. The combined limit is typically 75% of the total credit requirement for the award, with a minimum of 30 credits required to be subsequently studied at and awarded by the University. The effect on the classification of students with significant amounts of APL is described in sections D6.2.6 and D7.2.6, UPR AS14.

2.2.4 University guidelines on APL may be obtained from the Centre for Academic Quality Assurance website.

2.3 Joint Honours and Combined Honours awards

2.3.1 Joint/Joint combinations

Where a Joint Honours award is offered, and both fields are studied as a Joint/Joint combination, the award title should be:

<Field X and Field Y> (with fields presented in alphabetical order)

The award should be:

i A BA if both Field X and Field Y would be offered as BA;

ii A BSc if both Field X and Field Y would be offered as BSc;

iii A BSc if one field would be offered as BA and the other a BSc.

2.3.2 Major/Minor combinations

Where a Joint Honours award is offered, and the fields are studied in a Major/Minor combination, the award title should be:

<Field X with Field Y> (with the major field presented first).
The award (BA or BSc) is based upon the award that would be offered by the major field.

2.3.3 Joint/Minor/Minor combinations

Where a Combined Honours award is offered, and the fields are studied in a Joint/Minor/Minor combination, the award title should be:

<Field X with Field Y and Field Z> (with the joint field presented first)

The award (BA or BSc) is based upon the award that would be offered by the joint field.

2.3.4 Use of ‘and’, ‘with’ and the ampersand (‘&’)

i Individual fields should avoid use of the word ‘with’, to avoid awards with major/minor combinations having to include this word twice.

ii Wherever possible, individual fields should avoid use of the word ‘and’, to minimise awards with joint/joint combinations having to include this word twice. Where ‘and’ is used in a field, the ampersand symbol (&) should be used instead, to avoid repetition (this is the only situation where the ampersand symbol may be used). The award title should therefore be:

<Field X and Field Yi & Yii> (where Yi and Yii are the two components of a field)

or

<Field X with Field Y and Field Zi & Zii> (for Joint/Minor/Minor combinations, where Zi and Zii are the two components of a field)

2.4 Award titles acknowledging employment experience

2.4.1 Sandwich awards

A sandwich award requires the successful completion of at least 30 weeks full-time equivalent placement activity from a maximum of two separate approved placements, neither of which will be normally less than 12 weeks in duration, in order for the award to be made. The sandwich award title should be:

<Award title (Sandwich)>

In exceptional circumstances, the Director of Academic Quality Assurance is able to approve a Sandwich award for the successful completion of at least 24 weeks full-time equivalent placement activity.

2.4.2 Awards for employment experience

Successful completion of at least 12 weeks full-time equivalent placement activity (whether that be interrupted sandwich placement learning or alternative shorter periods of approved placement learning) from a maximum of two separate
approved placements, neither of which will be normally less than 4 weeks in
duration, will enable students to request the following award title:

<Award title with Employment Experience>

2.5 Study abroad

2.5.1 Award titles

Successful completion of a period of study abroad should lead to the award of one
of two titles:

<Award title with a Year Abroad> (where at least two (2) Semesters of study have
been completed and at least 90 credit points have been accumulated. One (1)
Semester could be a Semester of placement activity abroad (typically, at least 12
weeks), in which case at least 45 credit points will have been accumulated)

or

<Award title with Study Abroad> (where at least one (1) Semester of study has
been completed and at least 45 credit points have been accumulated).

2.5.2 Language of delivery and assessment

Where a period of study abroad replaces one (1) or two (2) Semesters of Level 5
studies on a student’s programme at the University of Hertfordshire, the language of
delivery and assessment for that period of study abroad must be English.

2.6 Dual awards

The University may enter into collaborative arrangements with other organisations
which lead to the possibility of students receiving an award from each institution.
The arrangements for each award must be clearly stated in the Memorandum of
Agreement and it is expected that each institution will issue its own award
documents. Memoranda are produced to an approved template by Academic
Services.

2.7 Joint awards

2.7.1 The University may enter into collaborative arrangements with other organisations
which lead to the possibility of students receiving one joint award from the
institutions concerned. The arrangements for the joint award must be clearly stated
in the Memorandum of Agreement. Memoranda are produced to an approved
template by Academic Services.

2.7.2 Joint Awards are regarded by the Academic Board as having the same standing as
other awards of the University and will, therefore, require the approval of the
Academic Board.
2.8 **Professional Development Studies awards**

Professional Development Studies awards are available to those who have accumulated credit which may not be fully coherent with nor align with an existing named award. The procedures for approving these awards are described in the University’s Flexible Credit Framework which can be accessed via the staff section of the StudyNet website and is published at:

http://www.studynet2.herts.ac.uk/ptl/common/ago.nsf/Teaching+Documents?Openview&count=9999&restricttocategory=Guidance+and+Strategy/Flexible+Credit+Framework+(APL+and+Short+Courses)

2.9 **The award to which a programme leads**

The award to which a programme leads must be among the existing awards of the University approved from time-to-time by the Academic Board and specified in this document (UPR AS11) and programmes must conform to the requirements for the awards set out in the relevant sections of this document. The Academic Board will, however, consider proposals for the establishment of new awards (see section 2.10).

2.10 **Approval of new awards**

2.10.1 The Academic Board will take advice from its committees before approving any new award. Where the proposed award is linked to a specific subject area, advice from the relevant Dean of School will be sought.

2.10.2 The Academic Board will consider proposals in the context of the whole range of the University's awards and their relationship to each other and to the awards of other bodies. In particular, the Academic Board will consider:

i. the characteristics and level of the proposed award that would both distinguish it from existing awards and relate it to them;

ii. the suitability of existing awards for the proposed programme(s) of study;

iii. the likely demand for, and recognition of, the proposed award by institutions, students and employers.

2.10.3 In the case of a group of new award titles (or the addition of a new award title to an existing group) with a high proportion of common modules, there should be an adequate differentiation between award titles. Typically, this should entail:

i. for awards of **480** credits and above:

   at least **60** credits of differentiation, at least **30** credits of which must be at the level of the award;

ii. for awards of **300** to **465** credits:

   at least **45** credits of differentiation, at least **30** credits of which must be at the level of the award;
iii for awards of 135 to 285 credits:

at least 30 credits of differentiation at the level of the award.

iv for awards up to 120 credits:

at least 15 credits of differentiation at the level of the award.

2.10.4 When the Academic Board approves a new award it will establish a definition for the award.

2.11 Documentary evidence of study

Documentary evidence of study may be made available by the University in a variety of forms, for the convenience of students. Such documents are not in themselves awards of the University, though they may accompany awards.

They may be variously termed:

Certificates (or records) of attendance,
Certificates (or records) of credit,
Certificates (or records) of achievement,
Transcripts (or lists) of modules taken, with the results of any assessments.

2.12 Conditions of awards

An award of the University (other than an Honorary award) will be conferred only when all of the following conditions are satisfied:

i The candidate was a registered student of the University or of another institution with which the University had entered into an agreement, at the time of assessment for the award.

ii All appropriate fees have been paid to the University by, or on behalf of, the candidate and the candidate is not otherwise in debt to the University or, where applicable, another institution with which the candidate was registered.

iii Where the programme has included a project or investigation involving one or more human subjects, the candidate has observed the University's requirements concerning the ethical aspects of the conduct of such projects or investigations.

iv The University has in its possession appropriate confirmation that the candidate has completed an approved programme (including programmes of research) leading to the award which is to be recommended.

v The award has been recommended by a Board (or, in the case of some research awards, a team) of Examiners, convened, constituted and acting under regulations approved by, or on behalf of, the University's Academic Board and including such external examiners as are required by the University's regulations to be associated with all recommendations for award.
The recommendation for award has been approved in accordance with the requirements of UPR AS12\(^2\)/UPR AS13\(^3\) (as appropriate) or, in the case of research degrees, signed, countersigned and ratified as prescribed in the University's regulations for the award of research degrees, published separately (see UPR AS10\(^4\)).

### 2.13 Withholding of awards

2.13.1 The University of Hertfordshire reserves the right to withhold an award. The grounds for such action might include, for example, the subsequent discovery by a Board of Examiners that a student has cheated in an assessment; the discovery that a student has fraudulently gained entry to a programme; circumstances where the award would give the holder an unwarranted “right to practise” or would confer on the holder unwarranted professional status or unwarranted respectability or where the possession of the University’s award might bring the institution into disrepute or where the conduct of the student is such that it would devalue the nature of the award or otherwise discredit the University.

2.13.2 The process whereby the Academic Board will determine whether an award is to be withheld is set out in UPR AS21\(^5\).

### 2.14 Withdrawal of awards from certificate holders, diplomates and graduates

2.14.1 The University of Hertfordshire reserves the right to withdraw an award from any of its certificate holders, diplomates or graduates. The grounds for such action might include, for example, the subsequent discovery by a Board of Examiners that a student has cheated in an assessment; the discovery that a student has fraudulently gained entry to a programme; circumstances where the award would give the holder an unwarranted ‘right to practise’ or would confer on the holder unwarranted professional status or unwarranted respectability or where the possession of the University’s award might bring the institution into disrepute or where the conduct of the certificate holder, diplomate or graduate is such that it would devalue the nature of the award or otherwise discredit the University.

2.14.2 The process whereby the Academic Board will determine whether an award is to be withdrawn is set out in UPR AS21\(^7\).
