

The person named below has expressed an interest in making an application to a UK university to study Diagnostic Radiography. To assist in the recruitment process and assess the suitability of the applicant, it is advised that they visit a clinical department for at least one day. We would be very grateful for your assistance in helping us to select the most suitable candidates by confirming their attendance at the department and, if you feel comfortable in doing so, would value your feedback on the suitability of this applicant.

Name of applicant:	UCAS Number:
Hospital Visited:	Date:

Assessment of applicant (to be completed by the clinical staff)

This report should be completed by the clinical visit coordinator and returned to the applicant or emailed directly to the universities using the relevant addresses supplied by the applicant.

Please indicate which types of imaging procedures were observed by the applicant.

General X-ray	<input type="checkbox"/>	A&E X-ray	<input type="checkbox"/>	Fluoroscopy	<input type="checkbox"/>
Theatre environment	<input type="checkbox"/>	Mobile radiography	<input type="checkbox"/>	MRI	<input type="checkbox"/>
Interventional radiology	<input type="checkbox"/>	CT scanning	<input type="checkbox"/>	RNI	<input type="checkbox"/>
Ultrasound	<input type="checkbox"/>	Image reporting	<input type="checkbox"/>		

Even though this applicant’s visit may have been short, your impression of the applicant in a clinical situation is greatly valued by the university admission team. Please grade the applicant in the categories shown below:

	Poor	Satisfactory	Commendable
Punctuality			
Appearance			
Communication skills			
Self-confidence			
Motivation			
Attitude to clinical work			
Manner in the presence of patients			
Existing knowledge of radiography			
Asked relevant questions			

Further comment on this applicant:

Radiographer’s name:	Hospital Address or Hospital Stamp
Position:	
Contact no.:	

Please scan and email completed forms to: radiography@herts.ac.uk

Alternatively, you may post a copy to: Miss Toni Meyer, Diagnostic Radiography and Imaging Admissions Tutor, School of Health and Social Work, College Lane, Hatfield, Hertfordshire, AL10 9AB
