

Career Defining

Why choose Herts?

Top 50 UK University

Ranked among the top 50 universities in the UK.¹

Student satisfaction

Ranked in the top 25% in the UK for student satisfaction.²

Academic excellence

Our research ranks in the top 25% of UK universities, and our high-quality teaching ensures students are well-prepared for their future careers.³

Career-defining education

Over 90% of undergraduates are in work/study (Graduate Outcomes, 2025).⁴

Placements and Study Abroad

Gain global experience through paid placements or study abroad at more than 135 universities worldwide.

¹Guardian University Guide 2026

²National Student Survey 2025

³Research Excellence Framework 2021

⁴from 2022/23 graduates, in employment or further study 15 months after graduation

Welcome to Herts

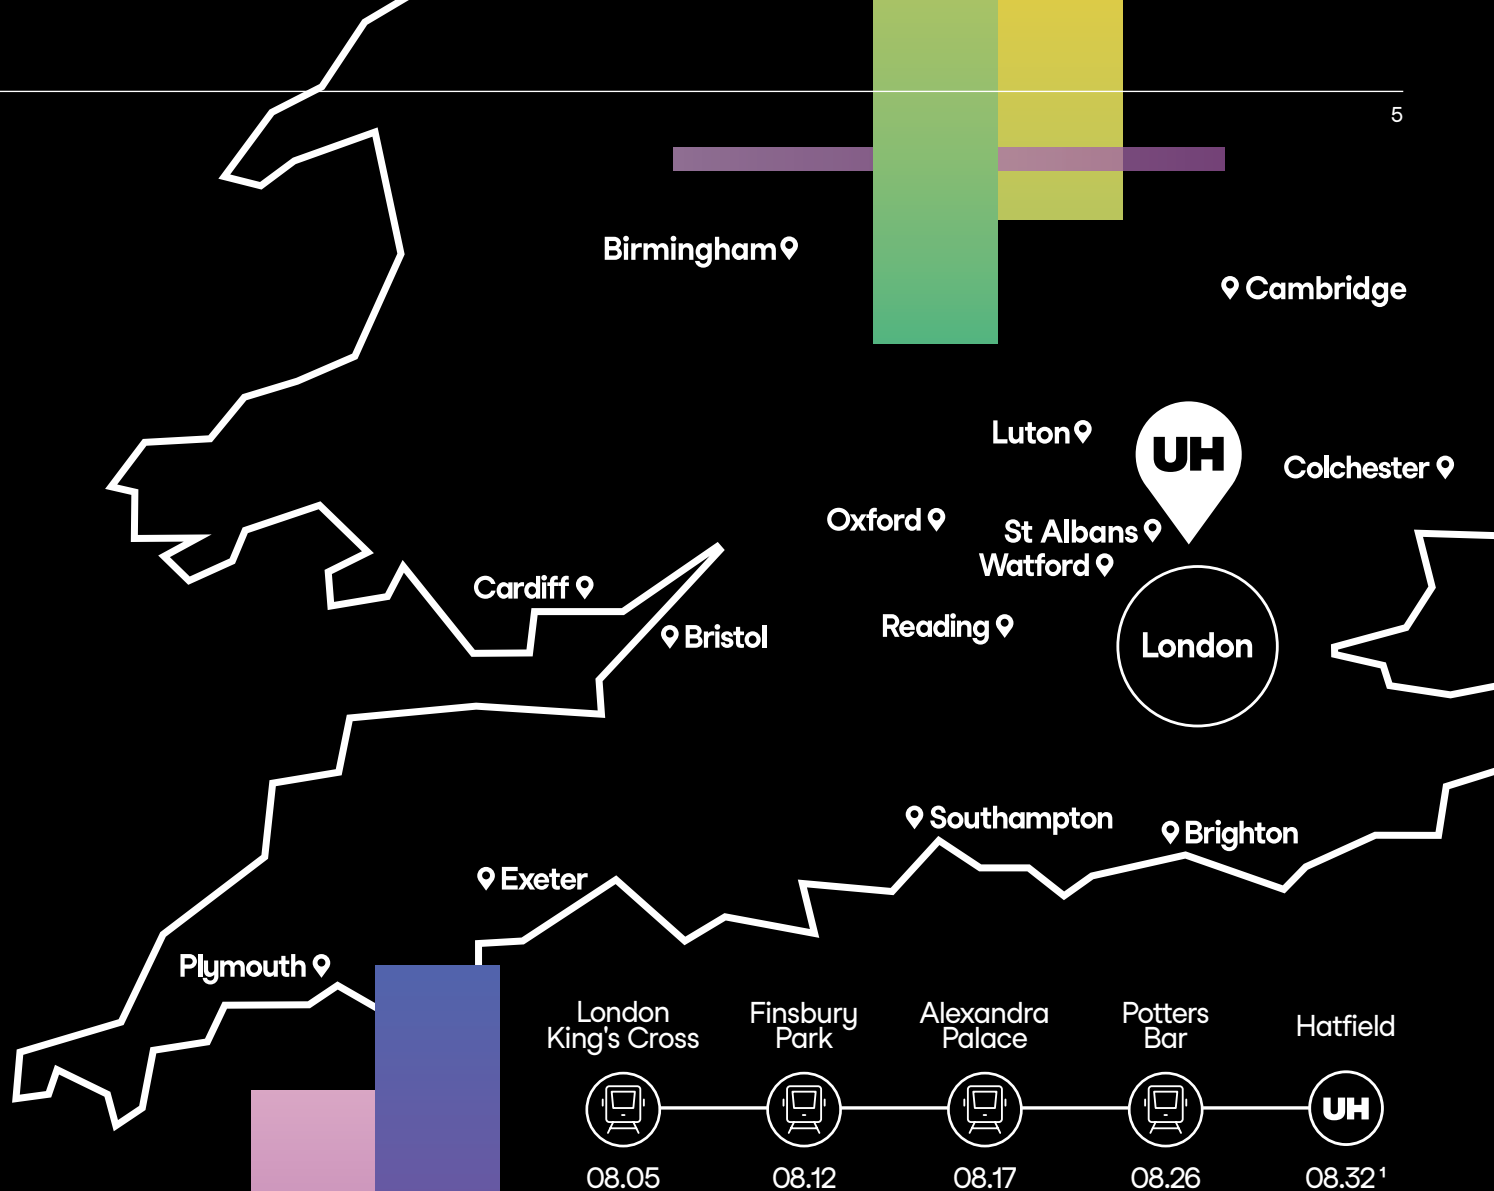

Your career of tomorrow is powered by your education at Herts today.

Our mission is to turn bold ambitions into impactful achievements and to help you open doors to new opportunities that define the course of your career.

Discover a vibrant, campus-based community where your aspirations become reality.

Our courses are employer-led, and our facilities meet the standards of the industries you'll work in after graduating.

Herts. Beats Faster.

Just 25 minutes north of London, our location opens up opportunities for work placements and learning experiences.

¹Indicative journey times, May 2026

Best of both worlds

Want to study on a green campus that's well connected to the capital? The University of Hertfordshire could be the place for you!

Campus living

Two vibrant campuses linked by a free five-minute shuttle bus.

Easily commutable

25 mins from central London

Just off A1(M) that connects to M25, with on-campus parking and our Park and Ride with 800 spaces

Students get a discount on fares on our University bus service (Uno) which connects our campuses to Hertfordshire, Bedfordshire and North London

Hertfordshire

Hertfordshire has been ranked one of the top five safest counties in the UK¹, so you can enjoy your time here with peace of mind.

Life at Herts

Herts SU

Your Students' Union is here to support you through your journey at the University of Hertfordshire and make sure you have a fantastic student experience.

Herts SU:

- empowers student voices
- organises regular events
- provides access to societies and social spaces.

Nightlife

Catch up with friends or enjoy a vibrant night out at our on-campus bar or nightclub.

Discover what awaits you at Herts on TikTok

100+ societies

Being part of a society is a great way to try something new, make friends, and open yourself up to a world of opportunities. You can choose from over 100 societies, from salsa dancing to LGBTQ+ and baking to K-pop – there's something for everyone.

Find your society on the Herts SU website

“Before I came to Herts I wasn't aware of the mass of opportunities that would be thrown my way! I have had the chance to join various societies, learn a new sport, and gain new experiences as a Student Ambassador.

Laura, BSc (Hons) Biomedical Science

Space to unwind

Everyone has their go-to place on campus. Whether you want to spend some quality time with friends, grab a coffee or study, there are plenty of spaces that will provide the perfect spot.

Dining spots

Our on-site restaurants and cafés serve daily specials, including a great choice of innovative veggie and vegan options.

Explore Herts
go.herts.ac.uk/life-at-herts

Sports

From complete beginners to elite athletes, we're big believers that sport and fitness are for everyone.

HertSquad Active Students

Take part in a range of free sports and activity sessions, from cricket and football to yoga and Zumba.

HertSquad Club Sport

Looking to pursue the sport you love? We have a range of sports clubs for you to join, tailored to suit all skill levels. You'll have the chance to compete in leagues and tournaments and represent Herts against other universities.

Hertfordshire Sports Village

Our Sports Village on de Havilland Campus is equipped with a 25-metre pool, exercise studios, a free weights area, a climbing and bouldering wall, as well as badminton, squash and outdoor tennis courts. On College Lane Campus, you'll find the Oval Gym, open 24 hours a day.

Sport at Herts
go.herts.ac.uk/sport

Herts and beyond

“One of the things that caught my eye about Herts is the location. It’s surrounded by towns and cities in which you can enjoy shopping, food and entertainment of all kinds!

Amy, BA (Hons) Nursing (Child)

Lee Valley White Water Centre

For the thrill seekers

We’re close to some of the best sporting and leisure facilities the UK has to offer:

- Lee Valley White Water Centre (constructed for the 2012 London Olympics)
- Dare Skywalk at Tottenham Stadium, London
- Ninja Warrior UK Adventure, Watford.

The Loft nightclub

For the night owls

Between Herts and London the options for a fun night out are endless. In Hatfield and nearby towns and cities you’ll find:

- historic pubs
- chilled bars
- music venues for all tastes
- the biggest clubs in the UK.

For the nature lovers

Hertfordshire is renowned for its natural beauty. Feel refreshed with an array of countryside spots, all within easy reach:

- Ellenbrook Fields (adjoining campus)
- Hertfordshire Zoo
- Hatfield House
- Verulamium Park
- Stanborough Park.

Stanborough Park

Making of Harry Potter, Warner Bros. Studios

For the movie-goers

Some of the greatest movies ever made and the UK's most popular shows are produced in Hertfordshire. If you're a film enthusiast, we recommend visiting:

- Warner Bros. Studio Tour – The Making of Harry Potter
- ODEON Cinema in The Galleria, just a short walk from our campuses.

For the foodies

Hatfield and surrounding towns are buzzing with restaurants and cafés providing Asian, British and European cuisine. You'll never run out of dining options!

Support

“Getting the help I needed was as smooth and as quick as it could possibly be. The conversations were informative and supportive – it felt personal.

Libby, BA (Hons) Philosophy

Careers

Our Careers Team can help you explore your career options, find a part-time job while you study, or support you with training and networking opportunities for up to four years after graduating.

Student wellbeing

You'll have access to all kinds of support, from mental health and emotional, to any disability or health related issues you may experience.

Finance

Help will be on hand to guide you through any financial issues, from budgeting tips to help applying for scholarships and bursaries.

Widening Access and Student Success

Tailored support packages are available for care experienced, estranged, young adult carers, displaced refugee students, and those from low-income households to support success.

Ask Herts

Ask Herts provides specialist online and face-to-face support and advice, in matters from accommodation to financial support and guidance.

Students' Union

Academic and welfare advisers are on hand to discuss anything big or small, or simply if you want someone to talk to.

Support and wellbeing
go.herts.ac.uk/supportwellbeing

Finance

We understand that university is an important investment. We're dedicated to ensuring financial concerns don't stop you enjoying your time as a student.

Loans to support you

- A student loan is available from the Student Loans Company to cover your course tuition.
- You may also be eligible for a maintenance loan to support with the cost of living (such as accommodation, food and travel).
- Repayments won't start until you earn over £25,000.

Scholarships and bursaries

- Scholarships and bursaries can further support the cost of university – these don't need to be paid back.
- Visit our website for a list of scholarships and bursaries available (including those exclusively available to Herts students).

Earn while you learn

- Work placements and part-time jobs are a great way to support your finances while you study and boost your CV.
- There are lots of job opportunities both on and off campus.
- Find a role within the University's Student Ambassador scheme, at Hertfordshire Sports Village, or at a nearby shop, restaurant, or supermarket.

£11,000

£11,000 a year is how much more graduates earn, on average, compared to non-graduates*.

Highly-skilled careers

Graduates are three times more likely to be in a highly-skilled job than those in a non-graduate job*.

Fees and funding
go.herts.ac.uk/fees-and-funding

Types of courses

Whatever your dream, we're here to help you achieve it.

Foundation and extended degrees

Alternative entry routes with lower entry requirements:

- **Foundation degree**

A two-year course with a standalone qualification. Progress to the second or final year of a BA/BSc at Herts.

- **Extended degree**

Includes an initial year to prepare you for the first year of a degree at Herts.

Bachelor's degree – the most common type of degree

- Leads to a BA (Hons), BEd (Hons), BSc (Hons), LLB (Hons) or BEng (Hons).
- Usually takes three or four years to complete full-time (four if you're doing a placement year or study abroad).

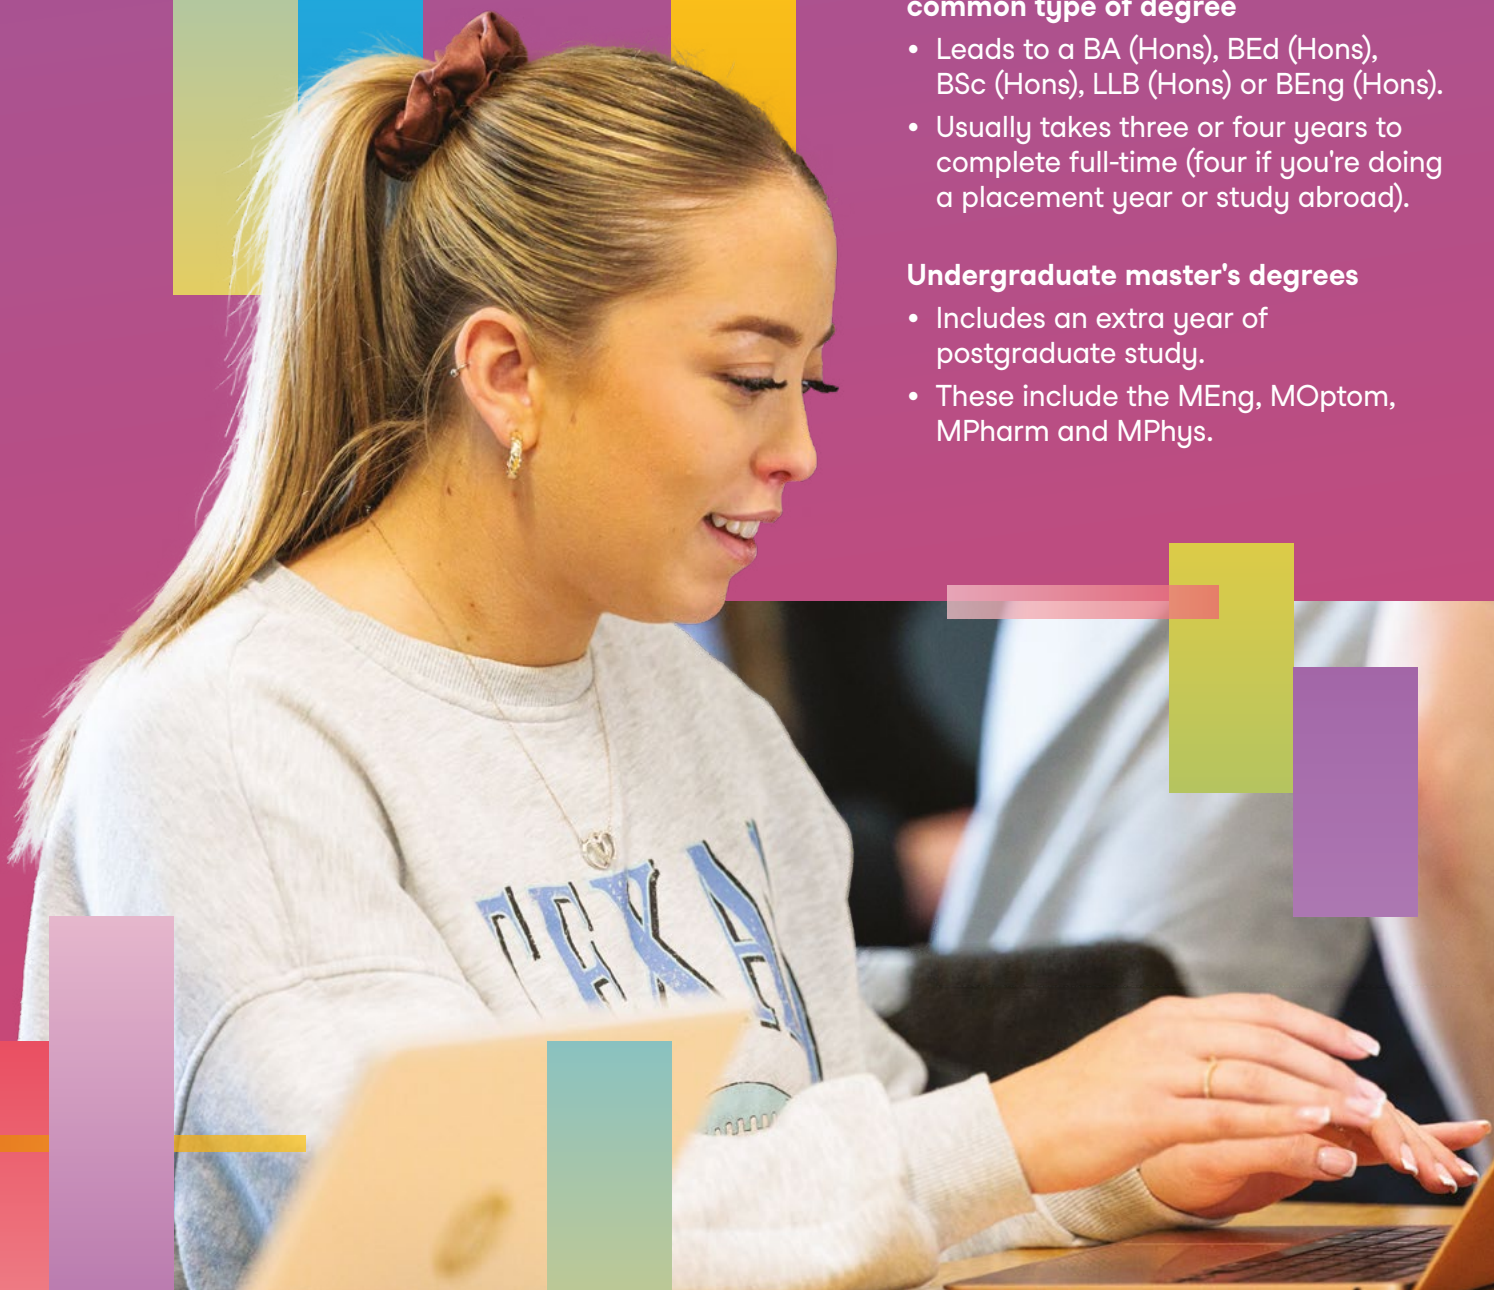

Undergraduate master's degrees

- Includes an extra year of postgraduate study.
- These include the MEng, MOptom, MPharm and MPhys.

Our courses

go.herts.ac.uk/courses

Degree apprenticeships

A degree apprenticeship is a unique way to achieve a bachelor's degree while earning a salary and gaining real-world experience.

We offer a variety of degree apprenticeships across sectors such as leadership and management, health and social care, engineering, data and digital.

As an apprentice, your tuition fees will be covered by your sponsoring employer.

Work placements and study abroad

Work placement

Gain hands-on industry experience and develop skills such as communication, problem-solving, and time management - qualities employers highly value.

Study abroad

Boost your confidence, broaden your worldview, and create lifelong memories - while also making you more attractive to employers.

With more companies operating internationally, now is the perfect time to gain global experience by studying abroad. Many destinations offer a lower cost of living, and you won't pay tuition fees to the partner university.

With over 130 partner universities worldwide, including in Africa, Asia, Australia, Europe, North and Latin America, your adventure awaits.

You won't have to pay tuition fees during either a work placement year or study abroad year!

How to apply
go.herts.ac.uk/da-vacancies

Accounting and finance

Our accounting and finance graduates are in high demand, securing roles with top employers like Citibank, Amazon, PwC, John Lewis, TUI and the Big Four (Deloitte, PwC, Ernst & Young and KPMG).

Accounting and finance	UCAS points	UCAS code
BA (Hons) Accounting	112	N400

Medicine

Hertfordshire Medical School delivers a hands-on, future-facing medical education designed to meet growing demand across the UK and beyond. With cutting-edge facilities, early clinical placements and a global outlook, you'll graduate ready to make a real impact in healthcare.

Medicine	UCAS points	UCAS code
Medicine MBBS	144	A100

Hertfordshire Medical School offers a five-year Medicine MBBS delivered in partnership with City St George's, University of London. From your first year, you'll gain real-world experience through integrated clinical placements across both urban hospitals and rural practices. You'll train in state-of-the-art simulation spaces with high-fidelity mannequins, immersive VR and digital labs, designed to replicate real clinical settings. The course combines academic excellence with practical, patient-centred learning and opportunities to intercalate. Based just outside London, you'll join a diverse, inclusive community and benefit from expert support, global healthcare connections and guaranteed accommodation - without the high cost of living in the capital.

Initially the Medicine MBBS is available to international students only, with plans to open to UK fee-paying students soon after.

Why Herts?

Top 12 in the UK for medical sciences¹

Outstanding facilities
Hertfordshire Medical School is a multi-million-pound building equipped with digital anatomy, immersive technology, simulation and AI technology

Clinical placements
You'll get early patient contact with clinical placements from your first year of study

The small print

This undergraduate guide

This undergraduate guide is for prospective students interested in a course at the University of Hertfordshire starting September 2027. We try our best to make sure the information is accurate at the time of publication (May 2026). However, we cannot guarantee it does not contain any errors and to the fullest extent permitted by law we do not accept liability for such errors. If you believe you have found an error, please let us know at ask@herts.ac.uk. Even where the information was accurate at the time of publication, we may need to update it; for the most up-to date information please view our website herts.ac.uk.

Your relationship with us

If you wish to study with us, you will need to make a formal application, following which we will inform you whether we are able to offer you a place. If you accept, you will become a member of a community that enjoys many rights and privileges. These rights and responsibilities form part of the contractual relationship that will exist between us. Further information is in our Key Facts document, available at herts.ac.uk/study/how-to-apply/your-offer-package.

The education we provide

Our goal is to ensure you are taught, supervised, assessed and supported by staff who are appropriately qualified and experienced, taking into account your needs, the needs of other students and the nature of your course. We will use every reasonable effort to provide your educational and other related services in the manner and to the standards set out in our prospectuses, on our website and in our other published materials. We recognise you expect to receive the educational service you are paying for; however, there may be circumstances outside our reasonable control which have a detrimental effect on how we provide our services to you or mean that we have to make changes to the way in which we provide the services to you. These could include, for example, industrial action (except by members of our own staff), health and safety or public health issues or restrictions, civil commotion, severe weather conditions, changes in the law and/or actions taken by a government or public authority, damage or destruction to our buildings or facilities, or interruption or failure of utility services. If circumstances such as these arise, we will inform you as soon as reasonably practicable and will use every reasonable effort to minimise any adverse effect it may have on you. The Covid-19 pandemic situation is an example of a situation outside our reasonable control in which we have had to make appropriate but material changes to the way we deliver our services in order to ensure we can continue to deliver high-quality provision, but also protect your health and safety and meet government requirements. In the circumstances of an international public health emergency, the University will continue to make all reasonable efforts to provide high-quality teaching and support for students, in accordance with government and public health advice.

Changes to your course or modules

Although it is never something we do lightly, we may in certain circumstances, make changes to advertised content or structure or methods of delivery of your course or individual modules after you have accepted an offer, which may include discontinuing a module. If we make a change

(other than one which is minor or insignificant) before you start, we will inform you as soon as reasonably practicable so you can decide whether you still wish to study with us. If as a consequence you decide not to, we will refund any tuition fees and / or deposit you have paid in advance in respect of the course in question. If we decide to make a change (other than one which is minor or insignificant) after you have registered, we will similarly inform you as soon as reasonably practicable, and we will use every reasonable effort to minimise any adverse effect it may have on you. If in spite of our efforts the change is likely to have a serious adverse effect (for example, by prejudicing your future choice of career), we will try to find you a suitable alternative course or module with us or (if you prefer) we will try to suggest a suitable alternative course with another education provider. In the case of a material change to a course or module, we will also consult with student representatives with a view to identifying options for, and minimising any adverse effect on, affected students. Some optional modules may have capacity issues and therefore, we may not be able to guarantee you a place on your first choice.

Discontinuing your course

Sometimes we can only run an advertised course if certain conditions are fulfilled – for example, sufficient students make the course financially viable. The programme specification (which you will find on the relevant page on our website) will set out any such conditions which apply to your course. If we cancel your course before the start of your studies, we will inform you as soon as practicable and we will refund any tuition fees or deposit you may have paid in advance. Where practical, we will also try to find you a suitable alternative course with us or offer you the opportunity to defer your entry to a subsequent intake. In exceptional circumstances, we may have to merge or even discontinue a course once you have started your studies. In these circumstances we will inform you as soon as practicable and we will use every reasonable effort to minimise the impact it has on you. Where appropriate, we will try to find you a suitable alternative course with us or (if you prefer) we will try to suggest a suitable alternative course with another education provider. If you do transfer to another education provider in these circumstances, we will co-operate with your new provider in respect of any transfer of credit/academic progress. If you do not transfer to an alternative course either with us or with another provider, we will keep a record of your credit / academic progress in case you return to higher education in the future. Any entitlement you may have to a refund in tuition fees in either of these situations will be determined in accordance with our Fees and Finance Policy. Full details of the University's Student Protection Plan and Student Refund and Compensation Policy can be found at herts.ac.uk/study/how-to-apply/your-offer-package.

Student harassment and sexual misconduct policy

The University's policies and procedures on student harassment and sexual misconduct can be found on our website. It is the 'single comprehensive source of information' required by the Office for Students condition E6. herts.ac.uk/about-us/supporting-our-students/student-harassment-and-sexual-misconduct
