challenges

Parking
pressure

Increased
flexibility

Sustainability
objectives

Payment
processing

Service
management

Cost
saving

We provide smart shuttles to get staff to work

RideTandem works with employers to help people commute to sites with poor public transport.

Our technology and expert support turn the best local coaches, minibuses and taxis into a new flexible, sustainable way for teams to get to work.

Services are fully managed by RideTandem including 24/7 customer service, live journey monitoring and a dedicated account manager to optimise the service over time using data collected through our technology.

Our shuttle buses have helped people earn

£98m +

How it works

Route Design

We work with you to design a route for your staff anywhere in the UK.

Matching & Vetting

We procure and vet the best value operator from our nationwide network.

Rider App

Passengers book & (if applicable) pay for their seat through the app.

Real-Time Data

Employers track who has booked & boarded, plus live vehicle location via our Client Dashboard.

Live Management

We monitor journeys 24/7 to ensure services run on time & communicate with passengers and operators.

Optimisation

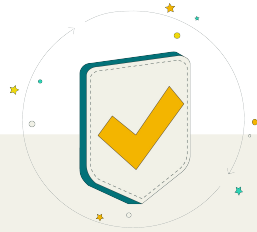

Your dedicated Account Manager is responsible for reporting and optimising your service over time.
